AGSTATIM POST SVSCEPTVM BAPTISMVM, DE-
FUNCTI, ANNO DOMI-
NI 1599.

N E N I Æ.

NH quam viâ fugas, brevis ah quam terminus ævæ,
Quam cito mortifera falce necatur homo,
Uc primum ætæra nati prodimus in auras,
Mens præfaga malis, tristia fata genitæ.

Instabilis dubia vitæ, dum velaminur auræ,

Sors movet indignas, luxuriola vices.

Tandem Mors infat; celebrantur funera fletu,

Est huius, medium, principiumq; dolor.

Insperxi mundum, flevi, mox fonte salutis

Locus, & hinc rursum coelestia regna peto.

Et quamvis natus Regali è stirpe parentum,

Non tamen his mundi, præfero regna, bonis.

Acetum felix, æterna in regna receptus,

Liber ab humanis, qui tenet æstra, malis.

Floctus in viridi tener u succiditur horo,
Qui tulit è molli, vix sua colla, iugo.

Indigne sic Princeps mox ipse in limine vitæ,

Rumpuntur vitæ, sua tencilla, tuæ.

Floctus ah cecidis, qui ni cecidisses, ut urna, &

Nomine, sic magna laede niteret Avi.

Ut tamen hic iterum suavi sub vere refurgit,

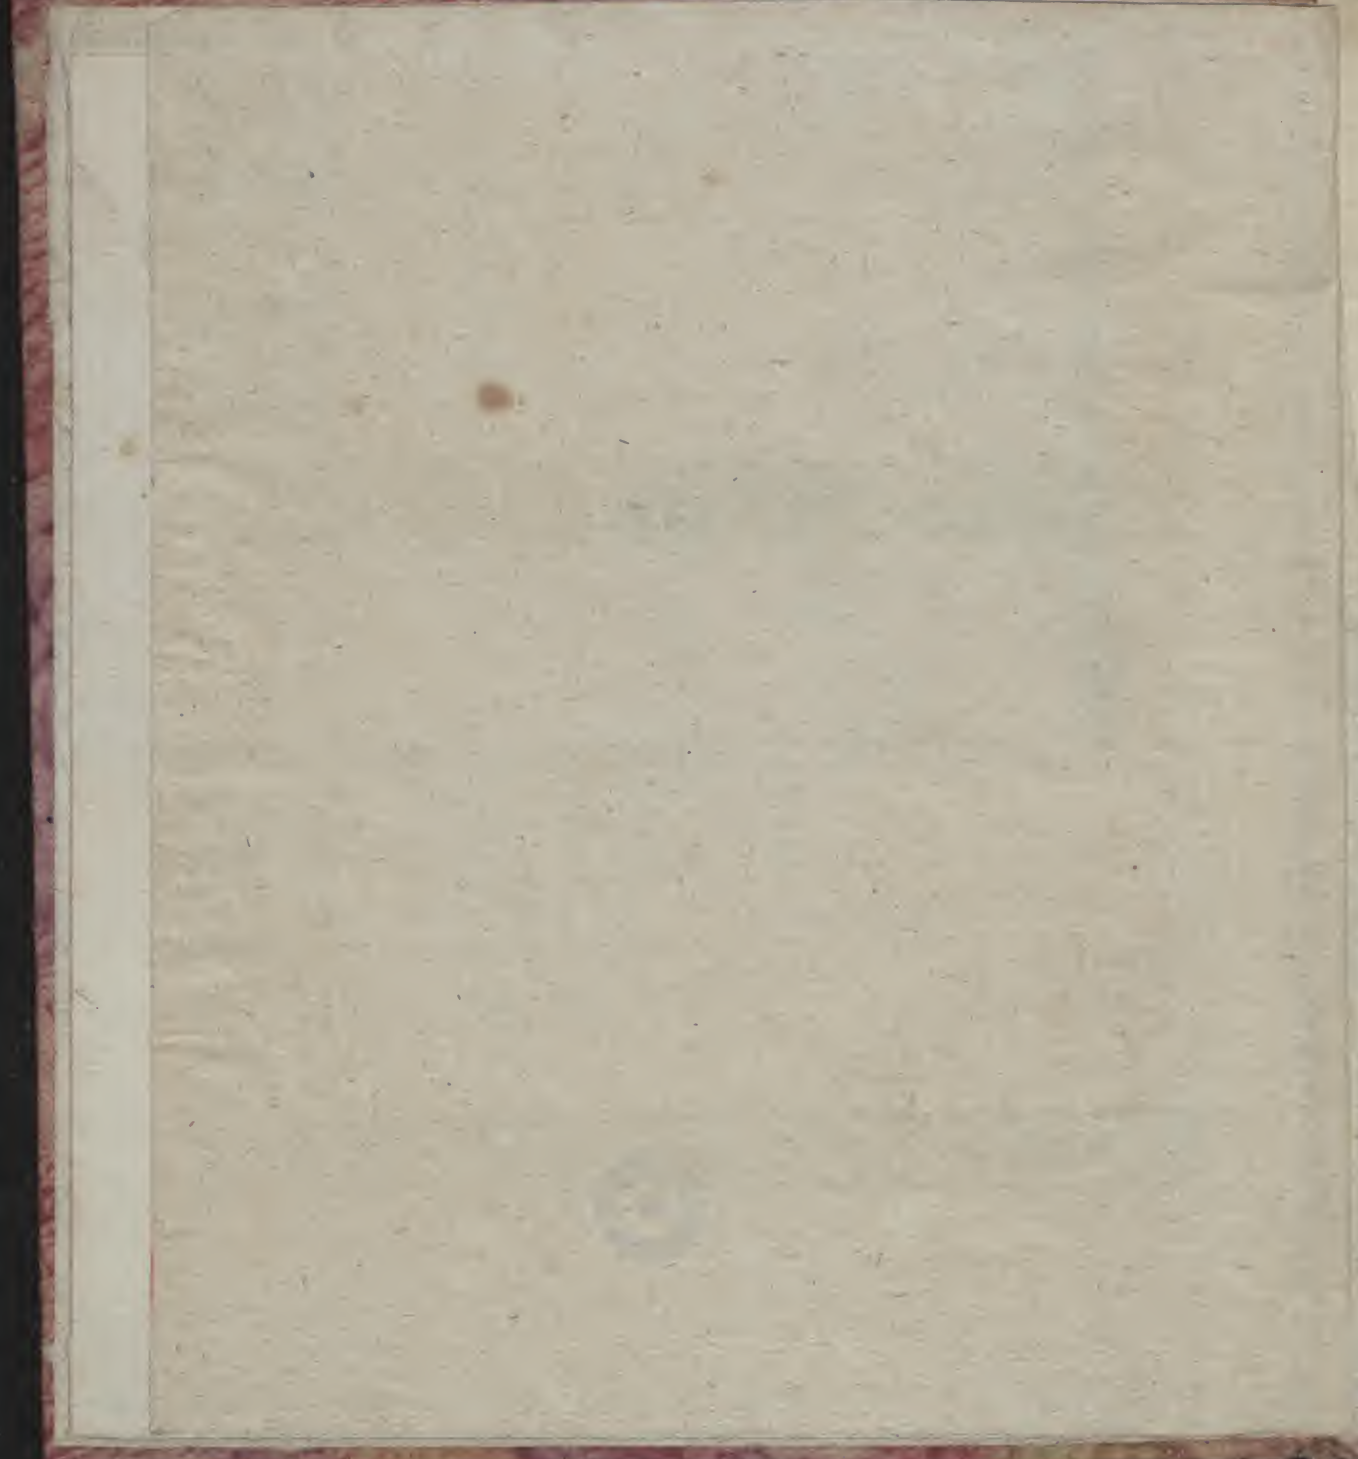

Regia de tumulo, sic tua membra, teres.
